CM Donation is a Joomla! component that allows nonprofit organizations to receive one time or recurring donations from people around the world.

This documentation gives you instruction how to install and setup CM Donation on your Joomla! website.

The source of CM Donation is hosted at [Github](#).

Overview

CM Donation is a Joomla! component that allows nonprofit organizations to receive one time or recurring donations from people around the world.

CM Donation is easy to setup and use. CM Donation provides a simple donation form and many interesting statistics for end-users.

If you

- use Joomla!
- are a nonprofit organization, are a charity
- need to receive funding from donors
- need to support anonymous donations, one time or recurring donations

then you can give CM Donation a try.

1.1 Technical Requirements

CM Donation is compatible with Joomla! 2.5.x and 3.x.x. CM Donation is **NOT** compatible with Joomla! 1.x.x.

Please check [Joomla!'s Technical Requirements](#) for more information of Joomla!'s requirements.

1.2 Features

1.2.1 Front-end

- Integration with Joomla! Content: You can easily put donation form and donation statistics into any Joomla! article, Joomla!'s Custom HTML module or any third-party extension which supports Content's Event System.
- Supports one time and recurring payments (daily, weekly, semimonthly, monthly, annually).
- Support anonymous donation: donor's name is not displayed in front-end but is still recorded and is only visible to administrators in back-end.
- Display statistics for
 - Donation quantity that your campaign receive.
 - Total amount donated to your campaign.
 - N latest donations.

- Top N donors who donate to your campaign by their total contributions.
- Top N countries which have donors donating to your campaign.

1.2.2 Back-end

- Many configuration options.
- Export donor list to CSV.
- Manually create a new donation.
- Edit existing donations.
- Report for every campaign.

1.2.3 Supported payment methods

- PayPal Payments Pro (Express Checkout)

Installation

2.1 Download

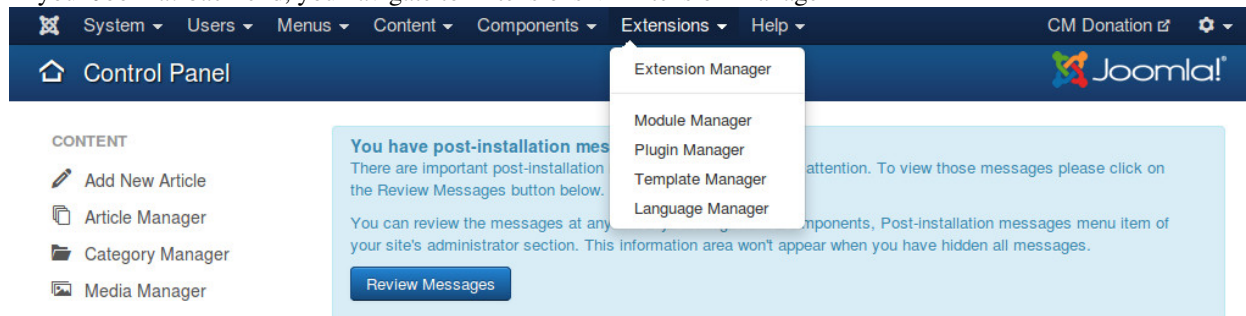

The installation package of CM Donation can be downloaded from [our website](#) or from [our Github repository](#).

The package includes:

- CM Donation component
- CM Donation Content plugin
- PayPal Payments Pro (Express Checkout) payment plugin

2.2 Installation

In your Joomla! back-end, you navigate to Extensions -> Extension Manager

Click “Browse” button and select the installation package of CM Donation on your computer, click “Upload & Install” button to upload the package to your server and install it.

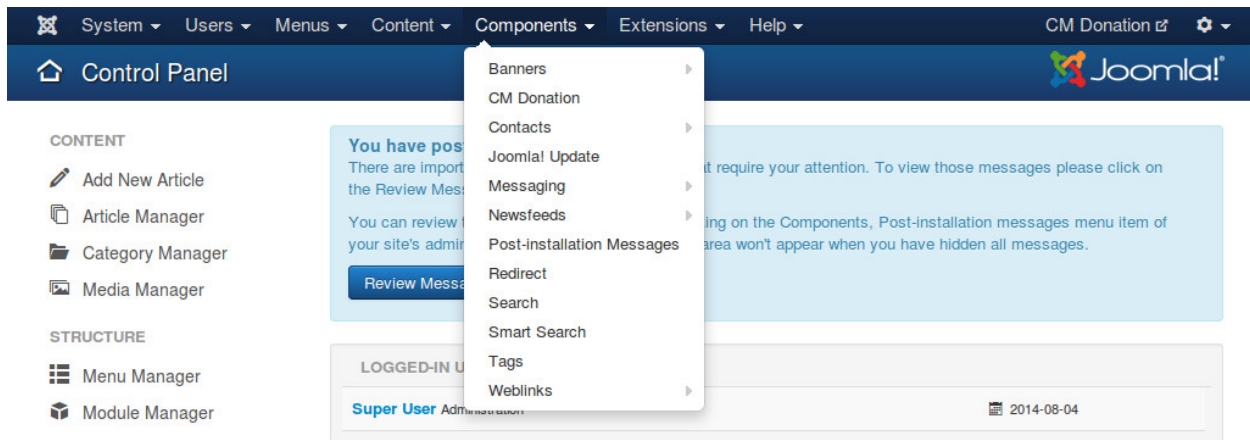

The screenshot shows the Joomla! Extension Manager: Install page. The top navigation bar includes links for System, Users, Menus, Content, Components, Extensions, and Help. The main header displays the Joomla! logo and the title "Extension Manager: Install". A light blue notification box at the top states: "Joomla! Extensions Directory (JED) now available with Install from Web on this page. By clicking 'Add Install from Web tab' below, you agree to the JED Terms of Service and all applicable third party license terms." Below this box are tabs for "Upload Package File", "Install from Directory", and "Install from URL". The "Upload Package File" tab is active, showing a section titled "Upload & Install Joomla Extension". It includes a label "Extension package file", a "Browse..." button, and the text "No file selected." at the bottom is a blue "Upload & Install" button.

If the package is installed successfully, you receive the message “Installing package was successful.”

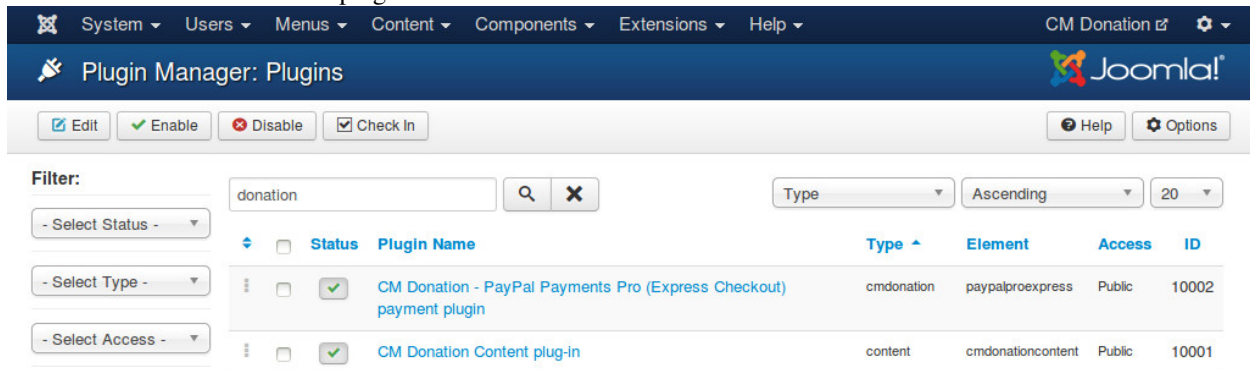

This screenshot shows the Joomla! Extension Manager: Install page after a successful installation. A green message box at the top displays the text: "Message Installing package was successful." The page layout is identical to the previous screenshot, but the "Upload & Install Joomla Extension" section now includes a sub-header: "Package for CM Donation component. Including the component and required plug-ins." The "Upload Package File" tab remains active, and the "Upload & Install" button is still visible at the bottom.

You can see CM Donation in Components menu item.

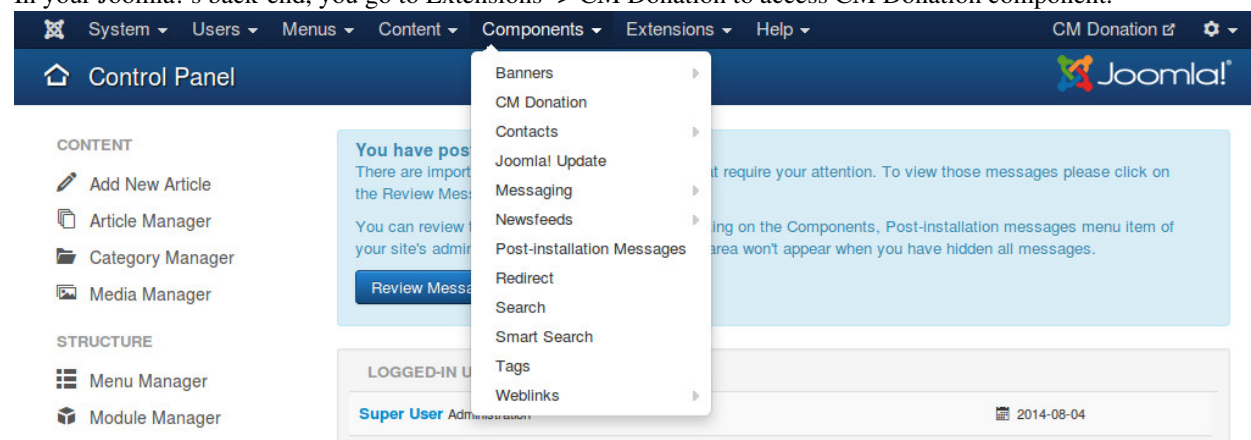

Go to Extensions -> Plugin Managers, you can see CM Donation Content plugin and PayPal payment plugin are also available in the list of installed plugins.

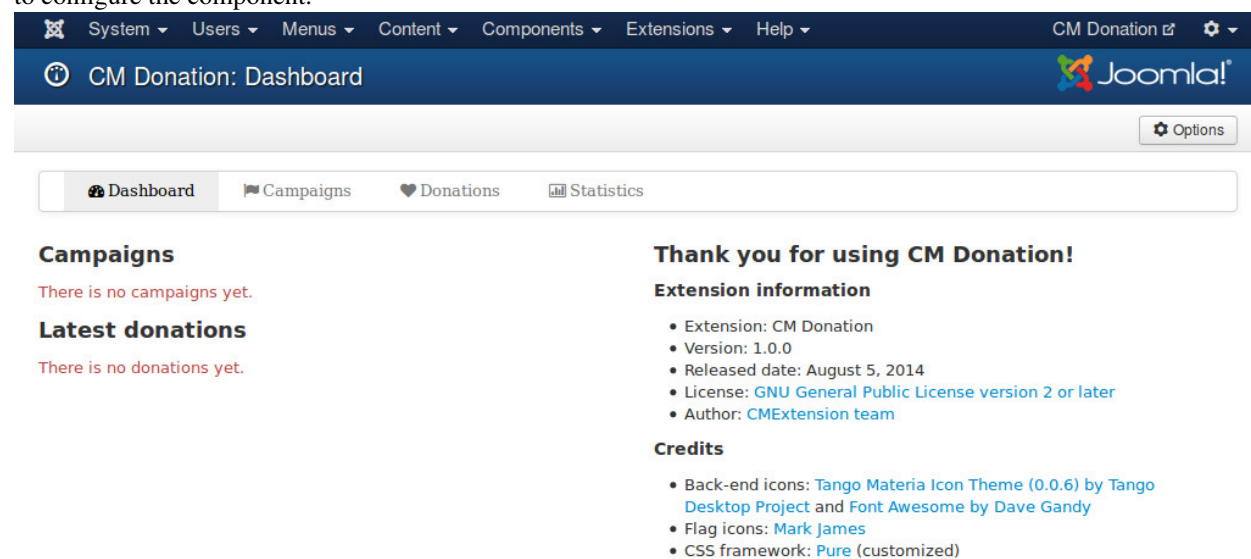

Configuration

3.1 CM Donation component

In your Joomla!'s back-end, you go to Extensions -> CM Donation to access CM Donation component.

The default page of CM Donation is the dashboard. On the toolbar there is an “Options” button, you click this button to configure the component.

There are the following tags in the configuration page: General, Currency, Donation, Donation form, Donor list, Country list, Statistics, Permission.

3.1.1 General

In “General” tab, we have the following options:

The screenshot shows the Joomla! administration interface for the CM Donation extension. The top navigation bar includes links for System, Users, Menus, Content, Components, Extensions, and Help. The main header displays "CM Donation Configuration" and the Joomla! logo. Below the header, there are buttons for "Save", "Save & Close", "Cancel", and "Help". The left sidebar lists various system components, with "CM Donation" highlighted. The main content area shows the "General settings" tab, which includes two configuration options: "Row number column" with radio buttons for "Show" (selected) and "Hide", and "Date format" with radio buttons for various date formats, including "2014/09/21" (selected).

- **Row number column:** Show or hide the first column for row number in statistic tables (top donors, latest donations,...).
- **Date format:** Date format which is used in both front-end and back-end.

3.1.2 Currency

In “Currency” tab, we have the following options to configure the currency used in donation:

The screenshot shows the Joomla! administration interface for the CM Donation component. The top navigation bar includes links for System, Users, Menus, Content, Components, Extensions, and Help. The main header displays 'CM Donation Configuration' and the Joomla! logo. Below the header are buttons for 'Save', 'Save & Close', 'Cancel', and 'Help'. The left sidebar lists various system components, with 'CM Donation' highlighted. The main content area is titled 'Settings for currency' and contains the following configuration options:

Setting	Value
Currency sign	<input type="text"/>
Currency sign position	<input checked="" type="radio"/> Before the amount <input type="radio"/> After the amount
Decimals	<input checked="" type="radio"/> 0 <input type="radio"/> 1 <input type="radio"/> 2 <input type="radio"/> 3
Decimal point	<input checked="" type="radio"/> . (dot) <input type="radio"/> , (comma)
Thousands separator	<input type="radio"/> None <input type="radio"/> . (dot) <input checked="" type="radio"/> , (comma)

- **Currency sign:** The sign of the currency you use for donation. For example, “\$” for United States Dollar.
- **Currency sign position:** Where currency sign is displayed, before or after the amount.
- **Decimals:** Number of decimals.
- **Decimal point:** Character is used as decimal point.
- **Thousands separator:** Character is used as thousands separator.

3.1.3 Donation

In “Donation” tab, we have the following configuration for donation:

The screenshot shows the Joomla! administration interface for the CM Donation component, with the 'Donation' tab selected. The configuration options are as follows:

Setting	Value
Anonymous donation	<input type="radio"/> Enabled <input checked="" type="radio"/> Disabled
Recurring donation	<input type="radio"/> Enabled <input checked="" type="radio"/> Disabled
Available recurring cycles	<input type="checkbox"/> Daily <input type="checkbox"/> Weekly <input type="checkbox"/> Semimonthly <input type="checkbox"/> Monthly <input type="checkbox"/> Annually

- **Anonymous donation:** Allow anonymous donation.
- **Available recurring cycles:** Available recurring cycles which are displayed in donation form for donor to select. If there is only 1 cycle available, this option is hidden.

3.1.4 Donation form

In “Donation form” tab, we have an option for donation form:

The screenshot shows the Joomla! administration interface for CM Donation Configuration. The top navigation bar includes links for System, Users, Menus, Content, Components, Extensions, and Help. The main header displays 'CM Donation Configuration' and the Joomla! logo. Below the header, there are buttons for 'Save', 'Save & Close', and 'Cancel', along with a 'Help' button. The left sidebar lists various system components, with 'CM Donation' highlighted. The main content area is titled 'Settings for donation form' and contains a single configuration option: 'Hide lone payment option' with radio buttons for 'Yes' and 'No'. The 'No' option is selected.

- **Hide lone payment option:** Hide payment method selection if in donation form there is only 1 payment method to select.

3.1.5 Donor list

In “Donor list” tab, we have the following configuration for top donor and latest donation tables:

The screenshot shows the Joomla! administration interface for CM Donation Configuration, specifically the 'Donor list' tab. The top navigation bar and header are identical to the previous screenshot. The left sidebar shows 'CM Donation' highlighted. The main content area is titled 'Settings for donation list and donor list in front-end'. It contains three configuration options: 'Donor name' with radio buttons for 'First name only', 'Last name only', and 'Both first name and last name' (selected); 'Country' with radio buttons for 'Hide country info', 'Show country flag', 'Show country name', and 'Show both country name and country flag' (selected); and 'Donated date column' with radio buttons for 'Show' (selected) and 'Hide'.

- **Donor name:** How donor name is displayed, you can show first name or last name only, or display both.
- **Country:** Hide country info or display country as flag or name or both flag and name.
- **Donated date column:** Show or hide donated date column.

3.1.6 Country list

In “Country list” tab, we have the following configuration for country table:

The screenshot shows the Joomla! administration interface for the CM Donation component. The top navigation bar includes links for System, Users, Menus, Content, Components, Extensions, and Help. The main header displays 'CM Donation Configuration' and the Joomla! logo. Below the header are buttons for 'Save', 'Save & Close', 'Cancel', and 'Help'.

The left sidebar lists various system components, with 'CM Donation' highlighted. The main content area is titled 'Settings for country list in front-end' and contains the following configuration options:

- Country info:** Radio buttons for 'Show country flag', 'Show country name', and 'Show both country name and country flag' (selected).
- Contribution percentage column:** Radio buttons for 'Show' (selected) and 'Hide'.
- Contribution percentage's decimals:** Radio buttons for '0' (selected), '1', and '2'.
- Lowest amount column:** Radio buttons for 'Show' (selected) and 'Hide'.
- Average amount column:** Radio buttons for 'Show' (selected) and 'Hide'.
- Highest amount column:** Radio buttons for 'Show' (selected) and 'Hide'.

- **Country info:** Show country name or country flag, or show both.
- **Contribution percentage column:** Show or hide the column for contribution percentage of country.
- **Contribution percentage's decimals:** Number of decimals of contribution percentage.
- **Lowest amount column:** Show or hide the column for lowest donated amount of country.
- **Average amount column:** Show or hide the column for average donated amount of country.
- **Highest amount column:** Show or hide the column for highest donated amount of country.

3.1.7 Statistics

In “Statistics” tab, there are options for reports and CSV export:

The screenshot shows the Joomla! administration interface for the CM Donation component. The top navigation bar includes links for System, Users, Menus, Content, Components, Extensions, and Help. The main header displays 'CM Donation Configuration' and the Joomla! logo. Below the header are buttons for 'Save', 'Save & Close', 'Cancel', and 'Help'. The left sidebar lists various system components, with 'CM Donation' selected. The main content area is titled 'Settings for statistics' and includes a note: 'Note: If you show country info (name, flag or both name and flag), only country name is displayed in CSV file.' There are three radio button options for 'Country info': 'Hide country info', 'Show country flag', 'Show country name', and 'Show both country name and country flag' (which is selected). Below these are two more radio button options for 'CSV delimiter': ', (comma)' (selected) and '; (semicolon)'. Finally, there are two more radio button options for 'CSV enclosure character': '" (double quote)' (selected) and "'" (single quote)'.

- **Country info:** Show or hide country info in statistics and CSV file.
- **CSV delimiter:** The character used to separate fields.
- **CSV enclosure character:** The character used to enclose field.

Note: If you show country info (name, flag or both name and flag), only country name is displayed in CSV file.

3.1.8 Permissions

The screenshot shows the Joomla! administration interface for the CM Donation component, specifically the 'Permissions' tab. The top navigation bar and header are identical to the previous screenshot. The left sidebar shows 'CM Donation' selected. The main content area is titled 'Default permissions used for all content in this component.' and 'Manage the permission settings for the user groups below. See notes at the bottom.' Below this is a table with three columns: 'Action', 'Select New Setting ¹', and 'Calculated Setting ²'. The table lists various actions and their permissions for different user groups. The 'Public' group is selected, and the 'Guest' user group is highlighted. The permissions for the 'Guest' group are all 'Not Allowed'.

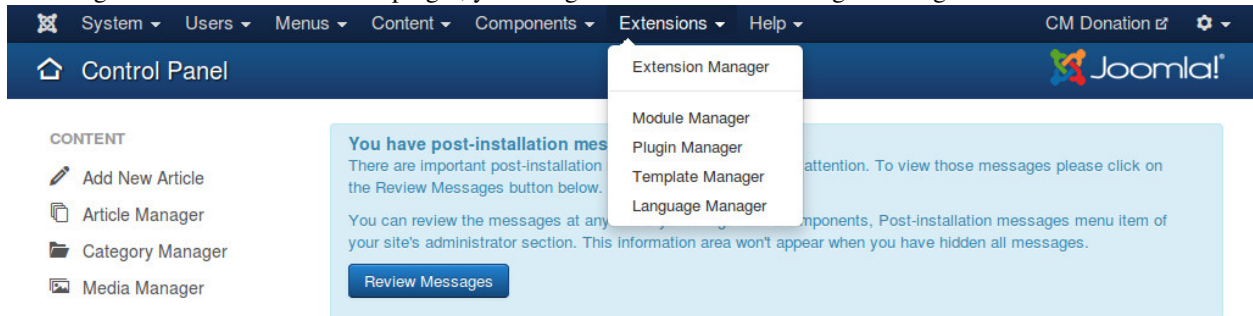

Action	Select New Setting ¹	Calculated Setting ²
Configure	Inherited	Not Allowed
Access Administration Interface	Inherited	Not Allowed
Create	Inherited	Not Allowed
Delete	Inherited	Not Allowed
Edit	Inherited	Not Allowed
Edit State	Inherited	Not Allowed
Edit Own	Inherited	Not Allowed

You should change the options in “Permissions” tab if you have many user groups which can access your Joomla! back-end and you need to give them different permissions. If you are the only administrator on the site, or only administrators can access your back-end, you don’t need to configure these settings.

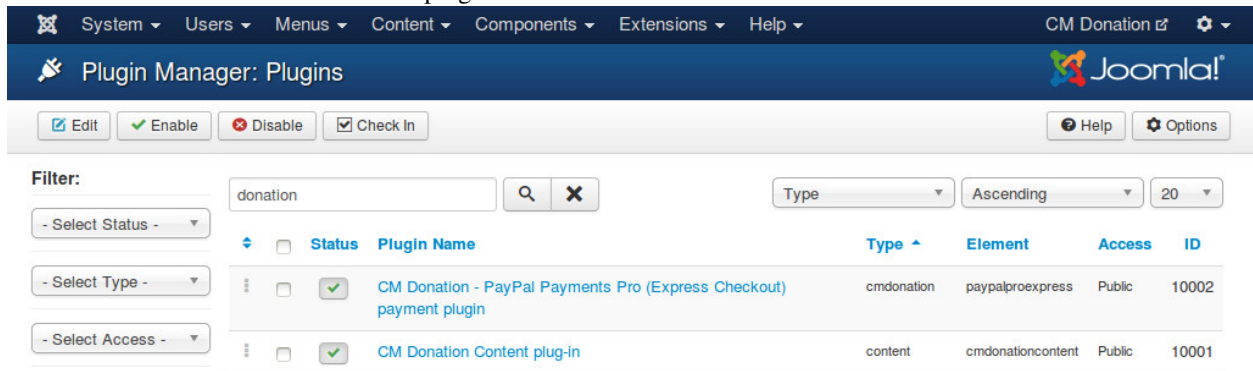

You can view [Access Control List Tutorial](#) for more understand how Joomla!’s access control list works.

3.2 CM Donation Content plugin

To configure CM Donation Content plugin, you navigate to Extensions -> Plugin Manager.

You search for “CM Donation Content plug-in”.

Click on its name and you are taken to the page as the screenshot below where you can edit its settings.

Ordering 0. Content - Load Modules

Plugin Type content

Plugin File cmdonationcontent

Because all the information of your campaigns is displayed in Joomla! articles and any place supporting Joomla! Content event (third party extensions, modules...), so everytime a page is loaded, the plugin must search and check if there is any information that you ask to display. The information could be

- Number of donations
- Total amount donated
- Donation form
- Latest donations
- Top donors
- Top countries

If there is any information that you don't need to display on your site, you should ask the plugin to stop checking for them to speed up your page load. You can do this by switching the option of the information to "Disabled" in the plugin's setting page.

You need to enable the plugin otherwise it doesn't run.

3.3 PayPal Payments Pro plugin

In Plugin Manager you search for PayPal Payments Pro payment plugin. Its name in the list is "CM Donation - PayPal Payments Pro (Express Checkout) payment plugin". Click on the plugin name to configure it.

The screenshot shows the Joomla! Plugin Manager interface. At the top, there's a navigation bar with links to System, Users, Menus, Content, Components, Extensions, and Help. The main title is 'Plugin Manager: CM Donation - PayPal Payments Pro (Express Checkout) payment plugin'. Below the title are buttons for 'Save', 'Save & Close', and 'Close'. A 'Help' button is also present.

The plugin configuration form is displayed. On the left, the plugin name is 'CM Donation - PayPal Payments Pro (Express Checkout) payment plugin'. Below it, there are tabs for 'cmdonation' and 'paypalproexpress'. The description reads: 'PayPal Payments Pro (Express Checkout) payment plugin for CM Donation component'.

The form contains several input fields:

- Payment option title:** An empty text input field.
- API Username:** An empty text input field.
- API Password:** An empty text input field.
- API Signature:** An empty text input field.
- Sandbox API Username:** An empty text input field.
- Sandbox API Password:** An empty text input field.
- Sandbox API Signature:** An empty text input field.

At the bottom left, there is a 'Sandbox' section with two radio buttons: 'Yes' (selected) and 'No'.

On the right side of the form, there are several settings:

- Status:** A green button labeled 'Enabled'.
- Access:** A dropdown menu set to 'Public'.
- Ordering:** A dropdown menu set to '0. CM Donation - PayPal Pay...'.
- Plugin Type:** A dropdown menu set to 'cmdonation'.
- Plugin File:** A dropdown menu set to 'paypalproexpress'.

In “Payment option title” you enter your custom name for this payment method, this is displayed in donation form. If you leave this field empty, the name “PayPal Payments Pro (Express Checkout)” will be used.

If you want to use PayPal Sandbox for testing, you switch “Sandbox” option to “Yes” and enter your API username, API password, and API signature of your PayPal Sandbox into “Sandbox API Username”, “Sandbox API Password”, “Sandbox API Signature” fields.

If you want to accept real transactions, you set “Sandbox” to “No” and enter your PayPal’s info into “API Username”, “API Password”, “API Signature” fields.

Please remember to enable the plugin.

3.4 Create menu item

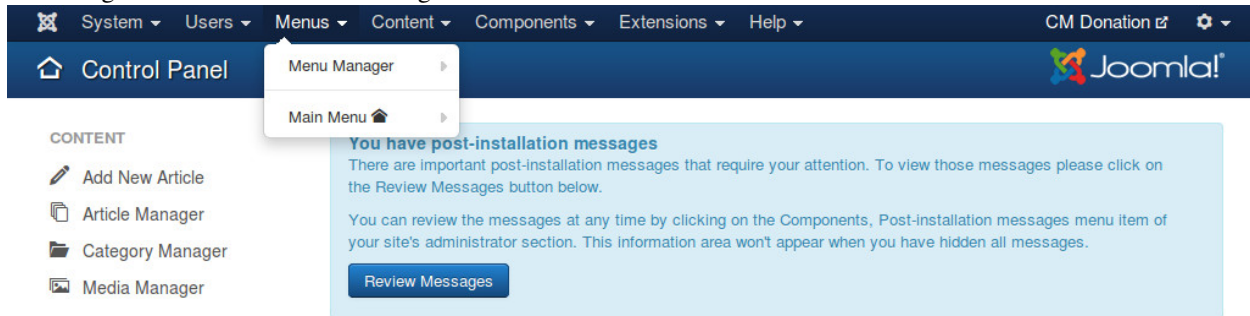

CM Donation component only provides one menu item for Thank You page. This is the page where thankful messages to donor are displayed.

Without menu items for Thank You page, CM Donation still can display thankful pages with no problem, however the addresses of these pages are not nice and user friendly. By creating menu items, you can customize the addresses with the aliases of the menu items.

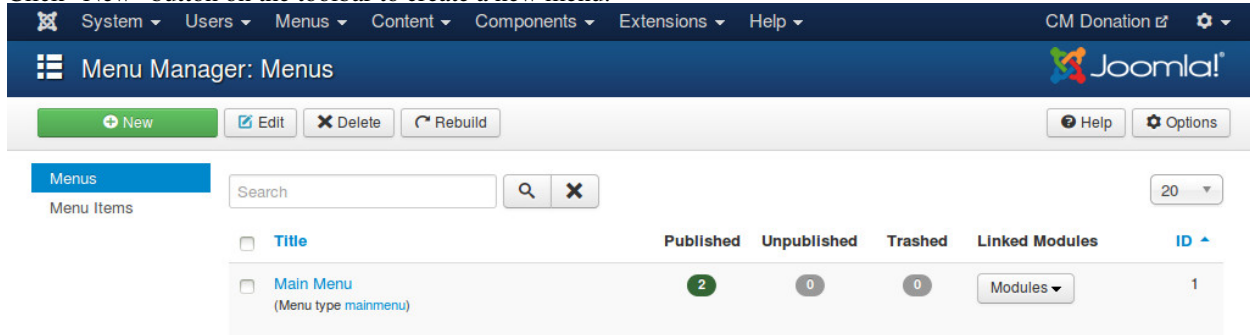

Because these pages are only available after donor completes or cancels a donation, so we don’t want these pages to be visible to public. To do this you need to put them into a menu which is not assigned to any menu module, so the

menu and the menu items will not be displayed anywhere on your site.

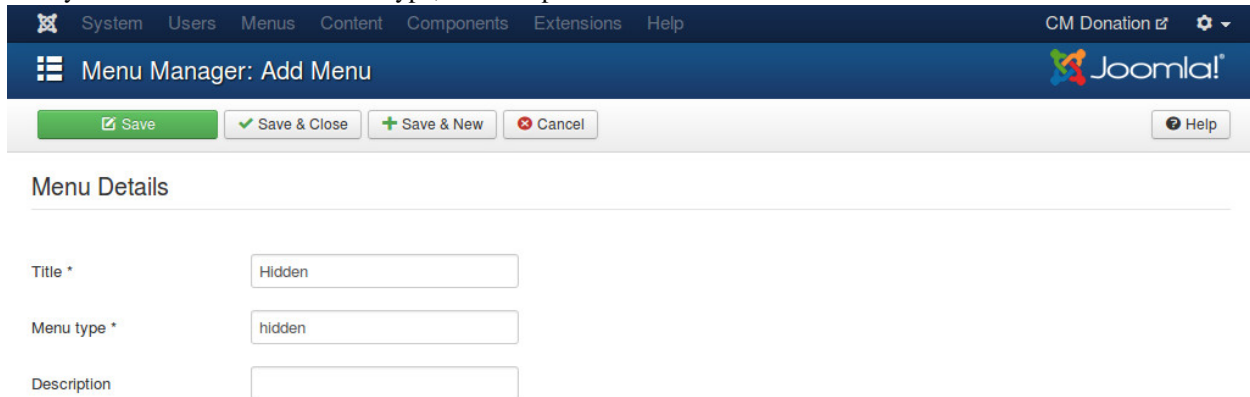

You navigate to Menu -> Menu Manager.

Click "New" button on the toolbar to create a new menu.

Give you menu a name and a menu type, for example "Hidden".

Save the menu and you are taken back to the menu list.

Menu Manager: Menus

Message: Menu successfully saved

Search

Title	Published	Unpublished	Trashed	Linked Modules	ID
Main Menu (Menu type mainmenu)	2	0	0	Modules	1
Hidden (Menu type hidden)	0	0	0	Add a module for this menu type.	2

Select this new menu in the menu list, you can see there is no menu items in this menu at the moment, you click “New” button on the toolbar to create a new menu item.

Campaigns

4.1 Create new campaign

To create a new campaign, you navigate to Extensions -> CM Donation in your Joomla!'s back-end.

On CM Donation's Dashboard page, you click "Campaigns" on the toolbar.

In the list of campaigns, you click "New" button on the toolbar to create a new campaign.

The screenshot shows the Joomla! administration interface for the CM Donation component. At the top is a dark blue navigation bar with menu items: System, Users, Menus, Content, Components, Extensions, and Help. On the right of this bar are links for 'CM Donation' and a settings gear icon. Below this is a lighter blue header for 'CM Donation: Campaigns' with the Joomla! logo on the right. A toolbar contains four buttons: 'New' (green), 'Edit' (blue), 'Check In' (blue), and 'Delete' (blue). Below the toolbar is a tabbed interface with four tabs: 'Dashboard', 'Campaigns' (active), 'Donations', and 'Statistics'. Under the 'Campaigns' tab, there is a search bar with a 'Search' button and a 'Clear' button. To the right of the search bar are three filters: a list size of '20', a sort order of 'Ascending', and a sort by 'Name'. Below these is a table header with two columns: 'Name' (with a dropdown arrow) and 'ID'.

In there form, there are 3 fields you need to provide information:

- **Name:** The name of the campaign you want to create.
- **Thankful message for completed donation:** Your thankful message to donor, this message is displayed after donor makes a successful donation on payment service's website (eg. PayPal).
- **Thankful message for cancelled donation:** Your thankful message to donor after donor cancels donation, this

message is displayed after donor cancels donation on payment service website.

Other fields in the form:

- **Created by:** The user who creates the campaign.
- **Created date:** The date when the campaign is created.
- **Modified by:** The user who makes the last modification for the campaign.
- **Modified date:** The date when the last modification is made.
- **ID:** The ID of the campaign.

After your new campaign is saved successfully, you are taken back to the campaign list.

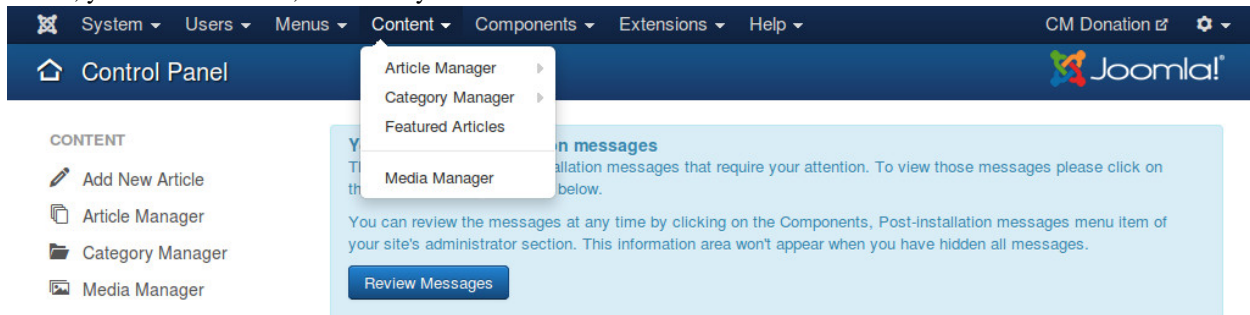

In the list, there is a column for campaign ID, you will need campaign ID for display campaign's donation form or other statistic information.

4.2 Display campaign's form

To allow people to donate to your campaign you need to display the campaign's donation form on your site.

In your Joomla!'s back-end you go to Content -> Article Manager. If you want to display the form in an existing article, you edit that article, otherwise you create a new article.

In the content of your article, you enter the tag (shortcode)

{donation-form:X}

where you want the form to be displayed. X is the ID of the campaign you want to display its form.

6.4 Top donors

A donor can donate to your campaign many times. You can honor the donors by listing them in top donors table. You use the tag

`{top-donors:X:Y}`

where you want to display the table. X is the ID of the campaign and Y is the number of donors you want to display.

Edit ▾	Insert ▾	View ▾	Format ▾	Table ▾	Tools ▾
B	<i>I</i>	<u>U</u>	S	≡ ≡ ≡ ≡	Paragraph ▾
≡ ≡	↶ ↷	🔗 🔗	🖼️ <>	— 📊	x_2 x^2 Ω
<p>Top 5 donations of Demo Campaign 1</p> <p><code>{top-donors:1:5}</code></p>					

The plugin automatically calculates the donor's contributions and display the donors who contributed the most on the top of the list.

#	Donor	Country		Number of donations	Amount donated
1	Anonymous	United States		2	\$10
2	John Doe	United States		2	\$6
3	Anonymous	Afghanistan		1	\$5
4	Mark Brown	United Kingdom		1	\$1
5	Francais Petit	France		1	\$1

A screenshot of the Microsoft Word ribbon, specifically the Paragraph group. The ribbon includes tabs for Edit, Insert, View, Format, Table, and Tools. The Paragraph group contains buttons for Bold (B), Italic (I), Underline (U), Strikethrough (ABC), and four alignment options (left, center, right, justified). A 'Paragraph' dropdown menu is open, showing options like 'List Group' (highlighted), 'List Group with Bullets', 'List Group with Numbers', 'List Group with Symbols', 'List Group with Discs', 'List Group with Squares', 'List Group with Circles', 'List Group with Triangles', 'List Group with Diamonds', 'List Group with Stars', 'List Group with Hearts', 'List Group with Spades', 'List Group with Clubs', 'List Group with Diamonds', 'List Group with Stars', 'List Group with Hearts', 'List Group with Spades', 'List Group with Clubs', 'List Group with Diamonds', 'List Group with Stars', 'List Group with Hearts', 'List Group with Spades', 'List Group with Clubs'. Below the ribbon, the text 'Top 5 countries which have people donated to Demo Campaign 1' is displayed, followed by the text '{top-countries:1:5}'.

Top 5 countries which have people donated to Demo Campaign 1

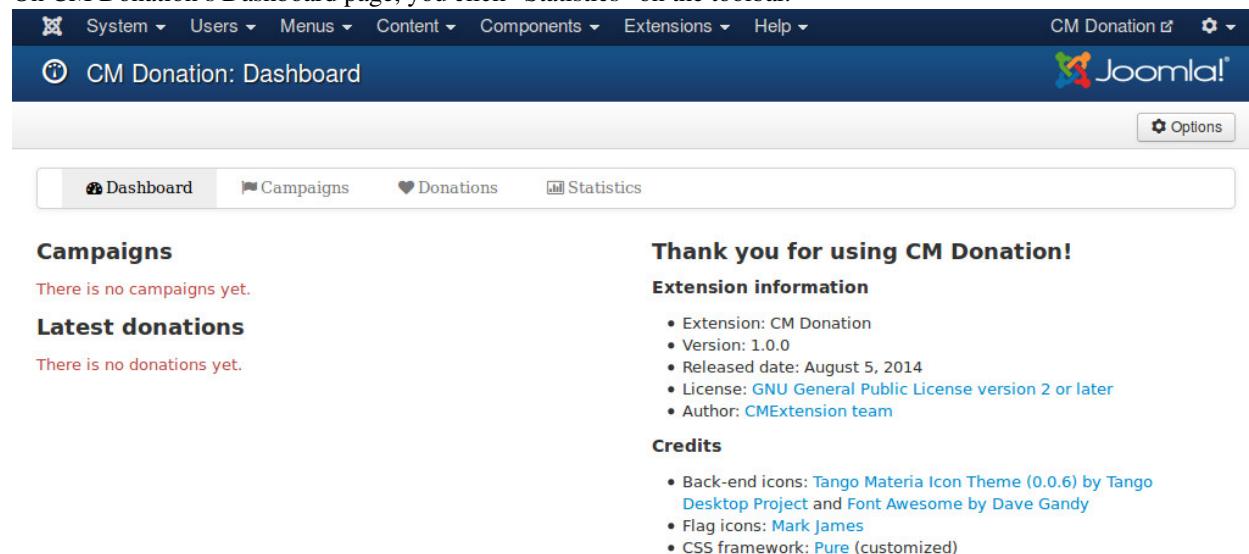

#	Country		Contribution	Number of donations	Lowest	Average	Highest	Total
1	United States		62%	4	\$1	\$4	\$5	\$16
2	Afghanistan		19%	1	\$5	\$5	\$5	\$5
3	Australia		4%	1	\$1	\$1	\$1	\$1
4	United Kingdom		4%	1	\$1	\$1	\$1	\$1
5	France		4%	1	\$1	\$1	\$1	\$1

Statistics in back-end

To view statistics of your campaigns, you go to Extensions -> CM Donation in your Joomla!'s back-end.

On CM Donation's Dashboard page, you click "Statistics" on the toolbar.

Select the campaign you want to view its statistics then click "View" button.

In the next page the statistics are displayed similar to the screenshot below.
